

Regency Road to Pym Street Project

WORKS NOTIFICATION

May - June 2020

Drainage works along Pym Street, Croydon Park

Since March 2020, the R2P Project has been installing underground drainage along the North-South Motorway, South Road, Regency Road and Pym Street.

From Sunday, 31 May 2020, works will be undertaken on Pym Street, on both the eastern and western sides of South Road, to complete the final drainage works in this location.

How long will the works take?

Night works will be undertaken from Sunday, 31 May 2020, to Wednesday, 3 June 2020, each night between 7pm and 6am.

How will the works impact me?

During the works, **Pym Street will be firstly closed to motorists on the eastern side, between Charron Road and South Road. Once these works are complete, Pym Street will then be closed on the western side, between Austin Street and South Road.**

Signage will be in place to advise motorists of road closures and detour routes via Rugby Avenue onto Crossley Avenue for the western side closure, and Overland Road onto Charron Road for the eastern side closure during the hours of the works.

Access for emergency service vehicles will be maintained at all times during these works. There is no change to public transport services. Access to residential properties on Pym Street will be maintained.

Please plan ahead and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.
