

**IMPORTANT INFORMATION – WASTEWATER ASSETS WORKS**

Dear Resident

**REGENCY RD TO PYM ST UPGRADE – WASTEWATER MANHOLE**

As part of the Regency Road to Pym Street upgrade by the Department of Planning Transport and Infrastructure (DPTI), we are required to modify an underground wastewater manhole on Regency Road. Together with our partner Fulton Hogan, we will decommission the existing manhole located on the northern side of Regency Road (near the intersection of Alvis Road) and construct a new manhole approximately five metres west.

A temporary site compound has been setup at 250 Regency Road to facilitate these works. Construction will start from **Wednesday 12 August 2020** and is expected to take up to 12 weeks to complete (subject to technical constraints and weather conditions). We will setup the work zone on Wednesday 12 August between 7pm and 6am (night works) and remainder construction will be undertaken **7am and 6pm Monday to Saturday**. We will let you know if any work outside of these hours is required.

Traffic management will be in place to ensure the safety of staff and community. Changes to traffic conditions including lane and speed restrictions of 40 km/hour can be expected around the work zone on Regency Road. Please be aware of other day and night works occurring in the area as part of the DPTI upgrade. As a result of the upcoming traffic switch at the intersection of South Road and Regency Road over the weekend of 7-9 August 2020, right turns at the intersection will not be permitted from 10 August (temporary U-turns on South Road will be installed in place).

Temporary inconvenience of noise and increase in traffic from the use of heavy plant and equipment may be experienced by neighbouring properties and we do not expect any changes to odour from these wastewater works. SA Water is committed to keeping construction impacts to a minimum.

If you have any questions or concerns regarding SA Water's works, please do not hesitate to contact me via our Customer Care Centre on **1300 729 283** or email [project@sawater.com.au](mailto:project@sawater.com.au). For more information on DPTI's traffic arrangements or other general Regency Road to Pym Street Project enquiries, please phone 1300 110 906 or email [info@r2palliance.com.au](mailto:info@r2palliance.com.au).

Thank you for your patience and cooperation during these infrastructure works.

Yours sincerely

**Selene Seet**
