

Regency Road to Pym Street Project

WORKS NOTIFICATION

October 2020

Gantry piling works along Regency Road, Regency Park

As part of the Regency Road to Pym Street (R2P) Project, gantries will be installed along the North-South Motorway, South Road and Regency Road.

Gantries are the overhead structures used to support mounted Variable Message Signs, Lane Use Management Systems and Closed-Circuit television (CCTV) (video security surveillance).

A gantry will be installed along the northern side of Regency Road, near Regency TAFE Entrance 3.

Nature and time of the works

Piling for this (the construction of columns in the ground that will provide structural support for the gantry) will be undertaken on **Saturday, 10 October 2020**, weather permitting.

A piling rig will be set up on Regency Road on Friday, 9 October 2020, during the night, ready to commence piling works Saturday morning. There will be no works on Saturday night or Sunday night.

How will the works impact me?

To safely undertake these works, there will be lane and speed restrictions over the weekend, with **traffic reduced to one lane in each direction along Regency Road, between Days Road and South Road. This traffic change will be in place from 7pm Friday, 9 October until 6am Monday, 12 October 2020.**

Bus Stop 18 Regency Road (north) will be temporarily closed for the weekend. Bus Stop 19 Regency Road (north) will remain open.

Regency Road to Pym Street Project

WORKS NOTIFICATION

Traffic management and signage will be in place to alert road users to any changed traffic conditions.

Road users are asked to plan ahead and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

In late 2020, the gantry and a signal cabinet will be installed, with advance notice provided closer to the time.

Questions?

Please contact the R2P project team on the details provided below.
